

Cisco® Touch 10 Surface Wall Mount

The mount is installed directly on the surface of the wall or attached to a 1-gang or 2-gang wall box. Once the mount is installed, the Touch 10 unit easily slides into the mount and is secured with a set screw at the bottom of the mount. The Touch 10 Surface Mount is available in white.

If you prefer to install your Touch 10 unit flush to the wall, AVTEQ offers an in-wall mount (C10-WMP).
